### Proposed Four-Year Degree Plan

The following is an example 8-semester plan. This is used to illustrate the course sequencing and the expectations for course loading. Students may use this as a guide as they plan their undergraduate education, but should adjust it to fit their personal goals. Students are responsible for completing requirements in the official degree sheet for each major. It is mandatory for a student to meet with an academic advisor prior to course enrollment each semester.

**Assumptions:**

- 1) Entering students have 2 years of high school foreign language
- 2) Entering students are prepared to start the math sequence with Calculus I

**Current Course Rotation:** (F) = Fall only (S) = Spring only (+) = Course offered every other year  
*Students must refer to the current course catalog for the availability of course offerings as well as visit with their academic advisor to find out about any special offerings.*

**Note:** All GenEd/Elective courses are listed as 3 hours, but some courses may be 4 or 5 hours.
